

## Aurora University Approved AI Tools List

As artificial intelligence technology rapidly evolves, Aurora University continuously evaluates new AI tools for university use. Below are the currently approved applications and their permitted data types. Some of the applications listed below may require a license and you could contact ITS for license clarification. For detailed information about data classifications and usage guidelines, please review the AU Information Classification Policy: [https://its.aurora.edu/Documents/Policies/Information\\_Classification.pdf](https://its.aurora.edu/Documents/Policies/Information_Classification.pdf)
